Thank you for updating your weekly report already. I'm including Dan to let him know about your potential commends on the Part 2 Contingency Plan.

Jaci

*"Learning is finding out what you already know.
Doing is demonstrating that you know it.
Teaching is reminding others that they know just as well as you.
You are all learners, doers, and teachers. "*

Jaci

I will not be able to attend tomorrow's Bridgeton meeting. There are no updates on the leachate from WWPD. I've updated the H drive. If/when we make comments on the contingency plan - part 2, please let me know. WWPD will likely have comments on the storm water management plan.
